After careful review and consideration, the National Board of Examiners in Optometry (NBEO) has decided to purchase the following equipment to be used for the Part III Clinical Skills Examination (CSE) in Charlotte, North Carolina. NBEO would like to recognize and thank the Clinical Skills Examination Committee, Council Members, and interested school/college faculty for their assistance and collective insight in choosing equipment for the NCCTO exam rooms.

Reliance 6200-L Chair
Reliance 7900-IC Floor Stand
Marco 101 Lensmeter
Welch Allyn 18245 Elite Streak Retinoscope*
Welch Allyn 3.5v 41100 Transilluminator
Reichert 11636 Minus Cylinder Back Illuminated Ultramatic RxMaster Phoroptor Refractor
Volk 20D Lens
Volk Digital Clear Field Lens
Volk G-3 Three-Mirror Glass Gonio Fundus Lens with Flange (*Image 1*)
Volk VDGL1 Digital High Mag Imaging Lens
Volk Digital Wide Field Lens
Volk 78D & 90D Lenses (beginning August 1, 2013)
Haag-Streit 900 BD Slit Lamp Video System
Heine Video BIO Omega 2C Set with A-Cam with +2.00 Oculars
M&S Smart System II 20/20 Basic Projector
Blood Pressure Simulator Life Form 01095
Life/Form Advanced Venipuncture and Injection Arm
Injections Skills
  25 g needles
  25 g winged infusion set

*Candidates will be allowed to bring and use their own retinoscopes. However, the only retinoscope that is being provided by NCCTO will be the Welch Allyn.

After further testing with the Volk 20D Lens and the Volk Digital Clear Field Lens, it was found that both lenses provide equal images for Video Taping on BIO. Therefore, you will have the option of using either lens.
