

Injectons Skill Exam (ISE®)

SITE INFORMATION & EQUIPMENT LIST

EXAM DATES:
August 2022 – May 2023

The information listed in this Site Information and Equipment List is for informational purposes only. There may be additional equipment or supplies on-site during the exam that may not be reflected in this manual. Additionally, equipment and supplies may change without notice.

This information is not intended to prepare candidates for the exam, but to provide a general overview of equipment and supplies used during the exam. Candidates are reminded to thoroughly review the Evaluation Forms and Candidate Guide to adequately prepare for the Injections Skill Examination.

STATION INFORMATION - ROOM OVERVIEW

MAIN OVERHEAD LIGHT SWITCH, DIMMER SLIDER

Lighting will already be set at full illumination
The light controls are located next to the door

Slider to adjust
dimmer brightness

Press to turn on/off

STATION INFORMATION - COUNTDOWN CLOCK

A countdown clock will be available on the exam room computer monitor for candidates to use. Use of the countdown clock is optional.

Countdown clocks on the computers do **NOT** officially determine a candidate's time.

Testing officially begins when you hear the announcement “The exam cycle has begun.” Testing ends when you hear “The exam cycle has ended.” Candidates wishing to use the countdown clock in the rooms must press the arrow button indicating START to begin the countdown clock. There may be a delay between when the announcement plays and when a candidate presses START, thus the time remaining may be less than what is displayed on the computer. Using the countdown clock in the room is optional and assists in determining the amount of time remaining in the station. Again, these clocks are not the official time keepers of the exam.

STATION INFORMATION

Computer Workstations

Displays station instructions not an item-by-item list, but a brief overview of skills expected to be performed.

Turn the monitor on/off by pressing button underneath the bottom right corner

Repeat Policies

Posted on the back of the exam-room doors, next to the computer workstation

Pens & pencils are provided in each station for candidate use

Band-Aids® are available in all rooms in the event an injury occurs

STATION EQUIPMENT & SUPPLIES

Table Area

Injections Supplies Overview

Injections supplies are organized in compartments on the table with plenty of needles, syringes, drape kits, etc.

Gloves/Tissues are found on the wall, to the right of the table.

Sharps containers are mounted directly above the injections table.

There will be 2 vials of each simulated medication available.

INJECTIONS EQUIPMENT & SUPPLIES

The drape kit will provide everything necessary to **simulate** an aseptic field for the Injections exam.
